Policy statement on provider access

Da Vinci LEAD Academy Provider Access Policy

1 Introduction

This policy statement sets out the school's arrangements for managing the access of providers to the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997. It is part of a wider strategy for careers at Da Vinci LEAD Academy.

2 Pupil entitlement

All pupils in Years 8 to 11 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point.
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events.
- to understand how to make applications for the full range of academic and technical courses.

For pupils of compulsory school age these encounters are mandatory and there will be a minimum of two encounters for pupils during the 'first key phase' (Years 8 to 9) and two encounters for pupils during the 'second key phase' (Years 10 to 11).

These provider encounters will be scheduled during the main school hours and the provider will be given a reasonable amount of time to, as a minimum:

- share information about both the provider and the approved technical education qualification and apprenticeships that the provider offers.
- explain what career routes those options could lead to.
- provide insights into what it might be like to learn or train with that provider (including the opportunity to meet staff and pupils from the provider).
- answer questions from pupils.

3 Meaningful provider encounters

One encounter is defined as one meeting/session between pupils and one provider. We are committed to providing meaningful encounters to all pupils using the 'making it meaningful checklist' (appendix 4).

Meaningful online engagement is also an option. At Da Vinci L.E.A.D. Academy, we are open to providers that can provide live online engagement with our pupils.

6 Management of provider access requests

6.1 Procedure

All provider access requests should be directed to the academy's careers lead using the telephone number and/or email address below. Any provider access request will only be approved by the headteacher once the vetting and due diligence process has been completed.

A provider wishing to request access to the academy should contact:

Name	Nat Wiles
Job Title	Assistant Headteacher
Telephone	01332 831515
Email	Nat.wiles@davinciacademy.co.uk

Any provider requesting access must provide the information outlined on the provider access request form provided (Appendix 1) to the academy's careers lead two months prior to any request for access being accepted.

When considering each provider's access request,

- The headteacher will nominate a member of the senior leadership team who is responsible for the oversight of the vetting of providers and the maintenance of an accurate and comprehensive record of providers (Appendix 3).
- Prior to any proposed event, providers will be asked to provide the academy with the names of speakers who will be representing them. Failure to disclose this information may result in the event not being progressed.
- The nominated senior leader will task a member of staff to complete a vetting and due diligence check to ensure that speakers are not controversial as well as any necessary safeguarding checks.
- Details of speakers representing providers will be recorded on the record of providers (Appendix 3) to show that the visit has been agreed to by the nominated senior leader.
- The nominated senior leader will ensure that for representatives of these providers, staff at the academy take a photocopy of any identification.
- The member of staff tasked with completing the vetting and due diligence check will complete part of the external speakers vetting and due diligence report (Appendix 2) recording the personal details of the speaker (name, provider they represent etc.), the open-source checks that have been completed, and the outcome of both the vetting and due diligence checks.
- The senior leader will make a final decision to progress the provider and/or speaker based on the recommendation given by the member of staff and information submitted by the provider.
- Once the checks have been completed, the nominated senior leader will task a member of staff at the academy with updating the record of providers (Appendix 3). This record is maintained throughout the year and not completed retrospectively. It may be subject to internal verification.
- Following the completion of vetting and due diligence checks on a provider, the careers lead/member of staff organising the proposed event will be informed by the nominated senior leader of the outcome.
- Providers will be informed by a member of staff at the academy of the decision and if approved, the academy's expectations for their delivery, including the need to ensure that there is no political indoctrination or discourses which would undermine the rule of law, the fundamental British values of democracy and harmony between faiths and cultures and safeguarding responsibilities.
- The vetting and due diligence process will aim to take between 4-6 working weeks following receipt of the provider's initial request and submission of the provider access request form.

- Where provider's requests are declined, the senior leader responsible for this decision will give the provider a brief explanation of the reasons behind why the request has been declined.
- During each academic year the academy will accommodate a maximum number of provider access requested as is deemed reasonable by the headteacher while still adhering to statutory requirements.

7 Opportunities for access

The academy offers the four provider encounters required by law **marked in bold text** and a number of additional events, integrated into the academy careers programme.

Da Vinci will offer providers an opportunity to come into the academy to speak to pupils or their parents or carers.

8 Premises and facilities

The school will make the main hall, classrooms or private meeting rooms available for discussions between the provider and pupils, as appropriate to the activity. The vast majority of rooms are fitted with computers, projectors and digital screens. Computer suites can be arranged with prior notice.

The school will also make available audio-visual (AV) and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the career's leader or a member of their team.

Before any visit, the careers leader will work closely with any provider, to make any suitable arrangements for the audience, including any necessary adaptations for those pupils who may have special educational needs and/or disabilities.

9 Live or visual encounters

Meaningful online engagement is also an option, and Da Vinci Academy is open to providers that can provide live online engagement with our pupils.

10 Information

Providers are welcome to leave a copy of their prospectus or other relevant course literature at the careers library, which is managed by the school librarian. The careers library is available to all pupils at lunch and break times.

11 Management

The careers leader is responsible to the relevant senior leadership team line manager for coordinating all provider access requests in a timely and effective manner.

12 Parents and carers

Where possible, leaders encourage parental involvement. On occasions, parents may be invited to attend particular events to meet with providers so that they can help support their child make choices about their next steps in education, employment and training.

13 Complaints:

Any complaints with regards to provider access can be raised to the headteacher, by following the school complaints procedure or directly with The Careers & Enterprise Company via provideraccess@careersandenterprise.co.uk

14 Monitoring review and evaluation

This policy is monitored and evaluated annually by the senior Leadership Team in accordance with whole school monitoring and evaluation processes.
