Information for Parents – Years 7, 9, 10 and 11

Dear Parents of children in Years 7, 9, 10 and 11

We have been made aware this morning of a year 8 student who has tested positive for COVID 19.

We know that you may find this concerning but we are continuing to monitor the situation and are working closely with Public Health England. This letter is to inform you of the current situation and provide advice on how to support your child. Please be reassured that for most people, coronavirus (COVID-19) will be a mild illness.

The Year 8 student is now isolating and we wish them well. As a consequence, all Year 8 students have separately been informed that they must now isolate and stay at home for 14 days. Their family members do not need to isolate unless anyone in the household show symptoms.

In line with DfE guidance and assuming no further notifications of any cases are received, the school continues to be open for Years 7, 9 and 10 and your child should continue to attend as normal if they remain well. Year 11 remain isolating as per yesterday's communication.

What to do if your child develops symptoms of COVID 19

If your child develops symptoms of COVID-19, they must not come to school and should remain at home for at least 10 days from the date when their symptoms appeared. Anyone with symptoms will be eligible for testing and this can be arranged via <https://www.nhs.uk/ask-for-a-coronavirus-test> or by calling 119.

All other household members who remain well, must stay at home and not leave the house for 14 days. This includes anyone in your 'Support Bubble'.

Further information is available at: <https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-households-with-possible-coronavirus-covid-19-infection>

The 14-day period starts from the day when the first person in the house became ill.

Household members should not go to work, school or public areas and exercise should be taken within the home.

office@davinciacademy.co.uk

If you require help with buying groceries, other shopping or picking up medication, or walking a dog, you should ask friends or family. Alternatively, you can order your shopping online and medication by phone or online.

Household members staying at home for 14 days will greatly reduce the overall amount of infection the household could pass on to others in the community

If you are able, move any vulnerable individuals (such as the elderly and those with underlying health conditions) out of your home, to stay with friends or family for the duration of the home isolation period.

Symptoms

The most common symptoms of coronavirus (COVID-19) are recent onset of:

- a new continuous cough
- a high temperature
- a loss of, or change in, your normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness.

If your child does develop symptoms, you can seek advice from the nhs.uk website at <https://www.nhs.uk/conditions/coronavirus-covid-19/check-if-you-have-coronavirus-symptoms/>. If you are concerned about your child's symptoms, or they are worsening you can seek advice from NHS 111 at <https://111.nhs.uk/> or by phoning 111.

How to stop COVID-19 spreading

There are things you can do to help reduce the risk of you and anyone you live with getting ill with COVID-19

Do

- wash your hands with soap and water often – do this for at least 20 seconds
- use hand sanitiser gel if soap and water are not available
- wash your hands as soon as you get home
- cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze
- put used tissues in the bin immediately and wash your hands afterwards

Further information is available at <https://www.nhs.uk/conditions/coronavirus-covid-19/>

I would like to take this opportunity to thank you for your continued help in ensuring that we mitigate risk from contracting and spreading Covid-19 as far as possible. **Please continue to send your Year 7, 9 and/ or 10 child to school with their own facemask** and reinforce our rules around distancing, handwashing, wearing of facemasks and staying within year group 'bubbles' (hands/ face/ space). I am sure that you understand but I am taking a zero tolerance approach with anyone who does not comply with these rules.

If you are a Year 11 parent then please continue to ensure all Year 11 children are accessing their work remotely via SharePoint in preparation for their mock exams that will take place when they return.

These are challenging times and I am sure that we can work our way through them if we remain united together. Thank you in anticipation of your ongoing support and positive feedback.

Yours sincerely,

Katie Roberts
Headteacher
