Maths
Curriculum Adventure

YR11
- Right angled triangles
- Probability
- Multiplicative reasoning
- Construction, loci and bearings
- Quadratic equations and graphs
- Complex perimeter, area and volume
- Indices and standard form congruence
- Simliarity and vectors further algebra

YR10
- Ratio and proportion
- Transformations
- Graphs
- Perimeter area and volume
- Averages and range
- Angles
- Equations, inequalities and sequences
- Graphs, tables and charts
- Fractions and percentage
- Graphs, tables and charts

YR9
- Reasoning with algebra
- Constructing in 2 and 3 dimensions
- Reasoning with number
- Reasoning with geometry
- Reasoning with proportion
- Representations
- Developing geometry
- Reasoning with data
- Developing number
- Alegrabic techniques
- Representations
- Number
- Algebra
- Proportional reasoning

YR8
- Algebraic thinking
- Place value and proportion
- Applications of number
- Directed number
- Fractional thinking
- Lines and angles
- Reasoning with number

YR7
