### GO 4 Schools Parent App

If your child's school uses GO 4 Schools, they can add the GO 4 Schools mobile app to make it even easier for you to see your child's timetable, homework, behaviour records, attendance, etc. What you will see depends on which GO 4 Schools modules your child's school has subscribed to. View the [Mobile App - Quick Start Guide](#) for further details.

The GO 4 Schools Parent App is free for parents to download from the Apple and Android App stores, but you will not be able to log in unless your child's school has a current GO 4 Schools subscription that includes the App, and they have granted you access. **Your child's school will let you know if and when they have added the App to the school's subscription.**

The App uses the same login details (email address and password) as this web site.

If you can't log in to this site, you will not be able to log in to the App. If you think you should be able to log in to this website but can't, please contact your child's school.

## Parent GO 4 Schools Mobile App Quick Start Guide

The GO 4 Schools Mobile App keeps you informed about any of your children who attend any school that subscribes to GO 4 Schools to ensure you can see how they are performing at school. The App is completely free of charge to both parents and students, where the school has a subscription to the GO 4 Schools App module and can be downloaded

### What the App can show you:

Currently you can view the timetable, homework, attendance, behaviour and attainment information for your children. This includes looking in depth at the homework set, including attached documents. You will also receive notifications containing a summary of homework tasks and behaviour events at the end of the school day, and detentions as they are set/changed/cancelled.

<p><b>Messages</b> Tap on the menu in the top-left corner to access messages and settings.</p>		<p>Messages from your school and your settings can be accessed from this menu.</p>

<p><b>Attendance:</b> From the main screen scroll down to view attendance information. A chart displays the overall percentage attendance.</p>		<p>The App will also display detail about specific attendance marks including authorised and unauthorised attendance marks. Late marks are incorporated into the overall attendance marks and unknown marks are waiting for confirmation of the reason for the absence. <b>NOTE:</b> There are two possible sessions in a school day, AM and PM.</p>	

**Behaviour:**  
Continue to scroll down the app to the Behaviour information. This will display a bar chart of both negative and positive behaviour points over time, the chart can be scrolled across throughout the year. Positive points are shown in green and negative points in red with a total points count.

If you prefer you can toggle the graph to show the number of events rather than points. This will allow you to see the number of positive and negative events recorded over time. Again, you can scroll the chart across and positive events are in green and negative events in red.

**Behaviour detail:**  
If you tap the 'details' button or tap in the white space around the behaviour chart you can then view the detailed event record for your child including the date, the subject, the event type and the associated points.  
  
This is useful to see if positive or negative behaviour are occurring in certain lessons.
